## WHY PEST-O-FLASH®?

- A proven approach to killing flies, conveniently and hygienically
- Kills continuously without interrupting production, customer traffic or activity
- Is low-priced - costs next to nothing when compared to expenditure on décor, furniture or machinery
- Noiseless – unlike fans, airconditioners, refrigerators
- Running costs? Very low, like using a tubelight at home, so economical
- Safety? Absolutely safe, used world wide – plastic coated M.S. guards provided
- No fumes, no chemicals, no odours – just enviro-friendly

## WHY IS PEST-O-FLASH® No. 1?

- Neat and tidy copper wiring with schematic drawing for ease in repairs
- High quality chokes and starters for total electrical compatibility and reliability
- Exclusively imported Pest-O-Flash® tubes\* with correct radiation
- Rugged 3KV transformer and 7.5KV condensor : a unique custom-built combination subjected to breakdown and time test
- Moisture-proof teflon spacers to maintain precise inter-grid space
- One year warranty on equipment (excluding tubes)
- Spares and prompt after sales service
- Widely exported to the Middle-East, Africa, Asia
- Backed by PCI's professional expertise of five decades.
