

WHAT IS ROBAN®

ROBAN® is a ready-to-use wax block rodent bait containing 0.005% BROMADIOLONE. It kills rats by interfering with their blood coagulation process.

HOW TO USE ROBAN®

- One cake of 100gms can be broken into 6 cubes (one cake of 50gms can be broken into 4 cubes)
- Indoors : place a cube in areas where rat activity is noticed
- Outdoors : such as backyards or gardens, place one cube inside rat burrows and in rat runways
- Rats start dying from 3rd day of ingestion

BENEFITS OF ROBAN®

- Ready-to-use, no mixing required
- Irresistible to rats
- Just one cube is sufficient to kill any type of rat
- Rats continue to consume it till death, hence no bait shyness
- Weather resistant
- Rats die mostly in open spaces
- Specific antidote - Vitamin K
- Can be used safely in houses, offices, restaurants, factories, godowns, markets, gardens, poultry farms, coconut, cacao, sugarcane and other plantations
- Available in 100g and 50g pouches at all leading departmental, chemist and general stores
